Dear Winslow Garnier:

I am pleased to inform you that the Pacific Southwest Minority Supplier Development Council (PSWMSDC) has approved your application for certification as a Minority Business Enterprise (MBE).

On behalf of the PSWMSDC Board of Directors and its members, I welcome your company to our certification program. Please note that your certification is valid for one year, during which time your company will be listed in our database, and in the NMSDC. This database is used as a sourcing tool by hundreds of buyers from major corporations that are seeking to do business with certified minority business enterprises.

Additionally, your certificate may be used as a marketing tool to demonstrate to prospective customers your qualification as an MBE. The certificate is proof that you have met the certification criteria of the National Minority Supplier Development Council (NMSDC).

We look forward to serving you as the premier business organization that links private sector corporations with minority businesses.

Sincerely,

A handwritten signature in black ink, appearing to read "Nichole Jackson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Nichole Jackson
MBE Services Manager
Pacific Southwest Minority Supplier Development Council
